### HomeAssistant - Fronius

## HomeAssistant - Fronius

3.719.350,0 Wh

0,019

50,0 Hz

2,4 W

## HomeAssistant - modbus

## Showstopper #1

- Installation auf Synology über Docker lässt keine Installation von Addons zu :(
- => Installation von HA über VM auf Synology

# HA - modbus config

# modbus Integration - success
